

## → MAJOR EVENTS

Fusion Entertainment provides individually packaged services to the entertainment and events industry. Our approach is to tailor our services to your specific event, delivering an experience your audience won't forget.

Fusion Entertainment are experts at integrating all technical and production requirements, management and design for large scale events, including event audio, lighting, vision and communications.

Our major event packages are ideal for clients with large-scale events including public events, festivals, concerts, tours and major conferences.

#### FUSION MAJOR EVENTS PACKAGES INCLUDE:

- 1 Concerts** – We can provide large-scale creativity and high-tech results, with efficiently packed, durable and flexible equipment for touring and experienced crew to handle the dedication required by international touring artists.
- 2 Theatre** – Our designers and technicians are trained in theatre production and are committed to creating the magic of the stage.
- 3 Fashion** – From early conceptions through to the running of the show, Fusion Entertainment can deliver an original experience that keeps up with the fast pace and energy of runway shows.
- 4 Festivals** – With extensive experience across a vast range of festivals and public events, Fusion Entertainment can deliver our range of products and services and contribute to the creation and logistics of the event.
- 5 Ceremonies** – We can supply the most experienced and qualified personnel to deliver unique and comprehensive production of events of this size. Fusion Entertainment has been involved with a number of international opening and closing ceremonies and arena productions in a variety of technical management and supply capacities.
