

→ SPECIAL EVENTS

Fusion Entertainment provides individually packaged services to the entertainment and events industry. Our approach is to tailor our services to your specific event, delivering an experience your audience won't forget.

Fusion Entertainment has the creativity and technical know-how to design innovative special events. We will create exciting audio, vision and lighting concepts to "wow" your guests and create a lasting impression.

Our special event packages are perfect for clients with gala events, product launches, road shows, premieres, incentives and promotional events.

FUSION SPECIAL EVENTS PACKAGES INCLUDE:

- 1 Audio** – We can creatively compile appropriate music for your event or production, record voiceovers and set the running order to produce an aural masterpiece for your audience that sets the tone for the event.
- 2 Visual** – Our visual designs work in harmony with the audio and lighting elements to create experiences for your guests by transforming your event into an innovative and exciting show.
- 3 Lighting** – We have great products, technical prowess and the attention to detail required for special events. We will bring your show to life by using a range of diverse technology and techniques to create a variety of effects that will astonish your audience.
- 4 Technical and production** – Our experienced technicians will ensure the creative and technical elements of your event work together to amaze your audience!

Let us help your special event make an impact!
